

# 7th PERIOD Substitute Lesson Plans

Instructor: Miss Clement

Wednesday October 28th, 2015

## Period: 7 Agriculture Earth Science

Take attendance and send it up to the front office with a student or TA or Academic Mentor (make sure they take a hall pass on the wall which is located near the door). **No other student is allowed to leave the classroom for any reason unless they show you their Hall Pass and you punch their card. Students need to be sitting in their ASSIGNED seats (seating chart is included in sub folder).**

1. Play the DVD Inside Planet Earth. Please start the video at 46 minutes. Student can take notes on page 14 in their packets. They should try to get down 10 complete sentence facts they learned from the film. NO MATTER HOW FAR YOU GET, students should still be able to get 10 facts down.
2. If you finish early, students should begin working on their vocabulary on page 15. Students can use a textbook to assist them.

### **Before the end of each period, make sure:**

- \*Students pick up their trash
- \*Students straighten their desks
- \*Textbooks are put back properly (no student may take home a class text book)
- \*Lab table chairs are put on table tops at the end of the period

Thank you for instructing my class today! Please let me know if there are any problems.

Thank you,

## Period: 7 Agriculture Earth Science

Take attendance and send it up to the front office with a student or TA or Academic Mentor (make sure they take a hall pass on the wall which is located near the door). **No other student is allowed to leave the classroom for any reason unless they show you their Hall Pass and you punch their card. Students need to be sitting in their ASSIGNED seats (seating chart is included in sub folder).**

1. Students should take out their packets and turn to page 15. Students should begin working on their vocabulary on page 15. Students can use a textbook to assist them.

2. Once they are done with their vocabulary, students should complete their study guide (pg 16) on a separate sheet of paper. They should be sitting in their assigned seats. They MAY listen to music with headphones during this portion of their worktime.

### **Before the end of each period, make sure:**

- \*Students pick up their trash
- \*Students straighten their desks
- \*Textbooks are put back properly (no student may take home a class text book)
- \*Lab table chairs are put on table tops at the end of the period

## Friday October 30th, 2015

### Period: 7 Agriculture Earth Science

Take attendance and send it up to the front office with a student or TA or Academic Mentor (make sure they take a hall pass on the wall which is located near the door). **No other student is allowed to leave the classroom for any reason unless they show you their Hall Pass and you punch their card. Students need to be sitting in their ASSIGNED seats (seating chart is included in sub folder).**

1. Students should take out their packets and make sure their first and last name and period are written on the front. Students should also take this time to attach their completed study guide to the back of their packet. Give student 10 minutes to study for their test. COLLECT THE PACKETS.

2. No later than 2:20pm, you will head to the library into the back computer lab so that students may take their test. They DO NOT need to bring anything into the library with them. Students know how to access their quiz from my website.

Clementaged.weebly.com>Ag. Earth Science> Period 7 Quiz Home Page  
Password= 5 digit student ID

There is NO talking during the quiz. Please write down any names of students who are talking during the quiz. They will receive a zero!

When students finish the quiz, they can silently play freerice.com until all students are done. Then you will return to S1.

3. If you have extra time, you may continue watching the DVD Inside Planet Earth. They do not need to take notes.

### **Before the end of each period, make sure:**

- \*Students pick up their trash
- \*Students straighten their desks
- \*Textbooks are put back properly (no student may take home a class text book)
- \*Lab table chairs are put on table tops at the end of the period

Thank you for instructing my class today! Please let me know if there are any problems.

Thank you,

## Tuesday November 3rd, 2015

### Period: 7 Agriculture Earth Science

Take attendance and send it up to the front office with a student or TA or Academic Mentor (make sure they take a hall pass on the wall which is located near the door). **No other student is allowed to leave the classroom for any reason unless they show you their Hall Pass and you punch their card. Students need to be sitting in their ASSIGNED seats (seating chart is included in sub folder).**

### Reminders:

\*No school next Wednesday Nov. 11 in honor of Veteran's Day

\*Late/Absent work is due on November 13<sup>th</sup> by 2pm into my purple crate in S1.

1. Please pass out the 7<sup>th</sup> period packets for the Rocks unit. Students should immediately put their first and last name and period on the front cover. They should also note the due date of this packet on November 20<sup>th</sup>.

2. Students should turn to page 2 of their packet and use a textbook to complete the Frayer Model of vocab. Give students 15 minutes to complete this task. After, you can brainstorm on the white board how each model should be filled out for each word.

3. Next, please access my website at [clementaged.weebly.com](http://clementaged.weebly.com). Please go to "Ag. Earth Science" and scroll down to "Weeks 12-14 Rocks" section and click on the "Rocks PPT". Students should open their packets to pages 3-5 to take notes on slides 1 -19.

If you do not finish the notes, make a note on where to begin tomorrow.

### **Before the end of each period, make sure:**

\*Students pick up their trash

\*Students straighten their desks

\*Textbooks are put back properly (no student may take home a class text book)

\*Lab table chairs are put on table tops at the end of the period

Thank you for instructing my class today! Please let me know if there are any problems.

Thank you,

## Wednesday November 4th, 2015

### Period: 7 Agriculture Earth Science

Take attendance and send it up to the front office with a student or TA or Academic Mentor (make sure they take a hall pass on the wall which is located near the door). **No other student is allowed to leave the classroom for any reason unless they show you their Hall Pass and you punch their card. Students need to be sitting in their ASSIGNED seats (seating chart is included in sub folder).**

### Reminders:

\*No school next Wednesday Nov. 11 in honor of Veteran's Day

\*Late/Absent work is due on November 13<sup>th</sup> by 2pm into my purple crate in S1.

1. If you did not finish the Rock Cycle Notes from yesterday, please use my website to complete them today.
2. Students should turn to pages 6-7 and complete the 3.1 Rock Cycle worksheets using their textbook. They may listen to music with head phones and use the lab tables if they are behaving well.
3. Before the end of class, please review the correct answers to the 3.1 Worksheets.

### **Before the end of each period, make sure:**

\*Students pick up their trash

\*Students straighten their desks

\*Textbooks are put back properly (no student may take home a class text book)

\*Lab table chairs are put on table tops at the end of the period

Thank you for instructing my class today! Please let me know if there are any problems.

Thank you,
