Periods 3 Niels Brock International Economics

Take attendance and send it up to the front office with a student or TA or Academic Mentor (make sure they take a hall pass on the wall which is located near the door). **No other student is allowed to leave the classroom for any reason unless they show you their Hall Pass and you punch their card. Students need to be sitting in their ASSIGNED seats (seating chart is included in sub folder).**

Students should not go outside the classroom or wander around the mechanics shop.

Announcements:

*Completed packets and the unit quiz are due on Friday October 16th. The quiz will be online, and there will be a written portion with price equilibrium scenarios.

*All late/absent work must be turned in by Friday by 2pm to Clement.

1. Students should take out their packets (already have) and work on page 5, WorkPoint 3.2 in their packet using their textbook.

2. Next, students can use their own computers to watch the Khan Academy videos about Changes in market equilibrium on my website. They should follow along and use pages 6-7 in their packet to complete the market equilibrium graphs.

3. Finally, students should work on page 8 Data Response in the packets using their textbooks. I will go over the questions when I return on Friday. **HOMEWORK: Finish the study guide on pages 9-10 in the packet and study for the quiz on Friday.**

4. When they finish, they may check their stocks or do work for another class. Please make sure that they pick up their trash when they leave.

Before the end of each period, make sure:

*Students pick up their trash

*Students straighten their desks

Thank you for instructing my class today! Please let me know if there are any problems.

Thank you,
